

Empowering Families Inspiring Hope

Inaugural Luncheon **Thursday, March 29, 2018, Oklahoma City Golf & Country Club**

Be an inaugural sponsor at the first **ever** “**Empowering Families, Inspiring Hope**” Luncheon!

Mission: To raise awareness, support, and engagement for supporting Oklahoma families with in-home parent education and support services proven to prevent child abuse and neglect. Parent Promise coordinates these valuable services with referring community hospitals and agencies who identify at-risk families in need of such services. In-home parent education is proven to save Oklahoma money deferring later treatment or judicial costs.

We are motivated to lead through this budget deficit and to protect programs proven to positively impact affected families. With your support, we will continue these services, and will continue leading through partnership with state providers to optimize your dollars and reach the most families possible.

Will you name yourself a sponsoring leader? We hope so. In these challenging times, Oklahoma’s civic leaders are asking: “What can I do?” At Parent Promise, your support immediately impacts how many Oklahoma families (awaiting or qualified for services) can be reached. We need you. Your contribution makes a tremendous and immediate impact.
